School Board Lets Contract To Bond Purchasing Firm Pending On Vote

The school board for Hamlin independent school district met on Tuesday evening at which time representatives of four bonding companies were heard with submission of their proposals for the purchase of the projected bond issue which was announced last week.

Most favorable bid was that of Almon & McMahon, Inc., Dallas, to whom a contract was issued for the sale of the bonds at a 2 1/2 and 2 1/2 percent interest rate over a ten year termination issue.

The contract was let on an amount of \$175,000, with provision made for issue of a smaller amount. The original estimate of costs of the building programs contemplated was \$160,000 but it was recommended that the total be increased to provide for advances in material costs that are possible under wartime construction.

The contract was let as a protective measure and is not binding.

ing against the school district if voting on the issue is unfavorable. Validity of the contract will be contingent on results of the ballot which is scheduled for some time in January.

George Studdard, tax consultant for the Texas Pacific Coal & Oil Company was a guest at the meeting and advised the board on matters pertaining to the issue. Studdard expressed the optimism of his company in oil producing possibilities in the Hamlin area and reported that his company had completed 22 wells in and around the Pardue field since the start of 1950. He also reported that 42 completions have been made in the East Hamlin field over the same period.

Authorities pointed out that the building and repair program entertained in the bond proposal is dependent upon government regulation and efforts are being made to expedite the work before such limitations apply.

Eight Teams To Vie for Trophies In Innaugural Hamlin Basketball Tourney

Hamlin's first invitational basketball tournament will be inaugurated Friday, December 15 and will close on Saturday night at the Elementary school gymnasium.

Eight teams representing Roby, Colorado City, Haskell, Roscoe, Rotan, Snyder, Anson and Hamlin will participate in the tournament and Roscoe is the favored team.

Roscoe demonstrated a potent floor game in their tournament held last week at that city, which they won without serious threat from competing clubs. Hamlin was winner of the consolation flight in the Roscoe tournament.

Don Rowland, by virtue of his second high scoring position in the Roscoe tourney, won a position on the all-tournament seven man star squad. Rowland was the only Hamlin performer qualifying for this honor.

The Veterans of Foreign Wars have contributed the trophies for the Hamlin tournament and they

were placed on display in the Bryant-Link window early this week. Three trophies will be awarded to the winner, runner-up and consolation victor.

Pairings for the tournament here will find Roby contesting Colorado City in the curtain raiser Friday at 2:15 p. m. This game will be followed by Haskell versus Roscoe at 3:30.

In the evening performances, Rotan will oppose Snyder at 7:00 p. m. and Hamlin will meet Anson in the final at 8:15.

Consolation matches will start at 1:00 p. m. Saturday followed by games at 3:30 and 7:30 p. m.

Championship matches on Saturday will start at 2:15 p. m. and follow at 4:45 and 9:00 p. m., at which time a winner will be determined.

The electric clock for timing of the games will be in use during this tournament and its devices add to the spectators' ability to follow trend of the games.

Thirteen Inducted On Wednesday Draft List

According to a report made The Herald late this week 13 men were inducted into the armed services this Wednesday.

They are: Thomas Marion Mapes Jr., Robert Joe King, Herbert Wilbert Klose, Rice Gambrell Alvis Jr., Charles Walker Fade, Charles David Burson, Melvin Daniel Cagle, Benjamin Calvin Rogers, Charles Douglas Newland, Valrey Leon Parson, Kenneth Dale Walker, Milton Parker Kelley and Glen L. Hines.

Another induction call for 14 men will be January 4 and a physical examination call for 41 men on January 17 also has been received, according to the report.

Hamlin Splits With Stamford Quints

Tuesday night found the Bull Dogs of Stamford occupying the basketball court at the Elementary school in a return engagement with the Hamlin Pied Pipers in the first home appearance of the varsity and B teams.

The B teams performed in the curtain raiser and a nip and tuck encounter resulted. Hughes, a smooth operating floorman for the Stamford quintette proved to be the difference and Stamford left the court after the final whistle with a precarious 33-31 victory.

Robert Angel and Milton Butler were leading performers for the Piper B team.

In the climax fray between the varsity squads Hamlin was clearly the master throughout the entire game and sacked up a 37-23 victory. Alexander was high for Stamford in field goals and free tosses and Don Rowland was closely pressed by all of his team mates as leading scorer for the Pipers.

Both clubs exhibited a lack of polish in their performances and passing and shooting was off standard generally. Latent ability was shown by Lowe and Bashford for Stamford and Goodgame, Sutherland, Robert Fletcher and Hargrove indicated that polish is possible to make the Piper starting five one to be reckoned with. W. T. Stapler, Sugar Green, Garland Fletcher, Ronald Armstrong and Glenn Smith functioned during the evening in substitute roles.

The court was in excellent condition for the games and a fair crowd occupied ringside seats for the exhibitions.

Games played in Stamford on Thursday night of last week resulted in a sweep for Hamlin. The B team eked out a 24-23 win and the first team had five points to spare in their 32-27 victory.

Mrs. W. R. Terry fell on a street Friday in Abilene and received a painful knee injury. Her condition was improved at last report.

Decoration Prizes Offer of Sponsors

Announcement has been made to The Herald that the Chamber of Commerce, the Garden Club and the Literary Club will sponsor a home decoration and business display competition for the Christmas season this year.

Under the plan formulated for the judging of the displays, home and business competition will be judged separately and prizes will be offered in each department. Arrangements have been made for a disinterested Anson group to act as judges in the competition and prizes will be awarded on a point basis.

Under this plan, 40 points will apply to the appropriate quality of the decoration, 30 points for originality and 30 points for general appearance.

The Chamber of Commerce has allocated a total of \$25.00 in prize money for each of the competing groups which will be divided as follows:

Ten dollars will constitute first prize; \$7.50, second; \$5.00, third; and \$2.50 for fourth.

Tentative arrangements have been made for the Anson judging committee to inspect residential and business displays on December 19, but they have indicated that they will possibly make unofficial visits to Hamlin prior to the official date. The sponsors suggest that competing decorators complete their trimming before the date of judging.

Sylvester Church Dedicates Chimes

Sylvester Methodist Church members met Sunday, December 3, to dedicate a gift of tower chimes and a sound system given the church by the children and grandchildren of the late Mr. and Mrs. W. A. Cross.

Around 200 persons attended the memorial to the pair who had been active in the work of that church since its founding.

The chimes will be used daily and on special occasions. Inside the public address system will carry the music of the chimes or any other program to all parts of the building.

Dr. George Cross of Yorktown, only living brother of Mr. Cross, sang "When They Ring Those Golden Bells for You and Me."

Mrs. Robert Scott presented the gift on behalf of the family, and Rev. Jim Boswell, pastor, received it.

Relatives attending from out of town included: Dr. Cross, Mrs. Sam Martin and Connie Turner of Austin, Mr. and Mrs. W. M. Turner of Sweetwater, Mrs. G. C. Duncan and Mrs. Ray Brushman of Brownwood.

Yuletide Program To Precede School Close

Members of the Speech department under the direction of Miss Lynell Sullivan and the Music department under Walter Chalcraft, will present the Christmas program at Hamlin High school for its closing ceremonies for the holiday period.

The program will be presented Thursday, December 21 at 1:45 and will be open to the public.

No admission will be charged for the Yuletide ceremonies.

Recruiting Officer Speaks To Lions

Lieutenant John Davenport was a guest of the Hamlin Lions Club at their Tuesday luncheon meeting and that officer brought the club personnel a message from his army recruiting office at Abilene.

McIntosh painted a gloomy picture of prospects in Korea for UN forces and stressed the importance of voluntary enlistment in the armed forces to obtain choice of service branches for prospective service men.

It was the Lieutenant's belief that the conflict now being waged in Korea is a war of religions and not one of political beliefs, and he charged that Christian forces had failed to exert missionary effort in comparison to that employed by the Russians in preaching the communistic creed.

McIntosh called attention to the magnitude of the conflict when he quoted prominent national figures in their opinion that the destiny of China would dictate the destiny of the rest of the world.

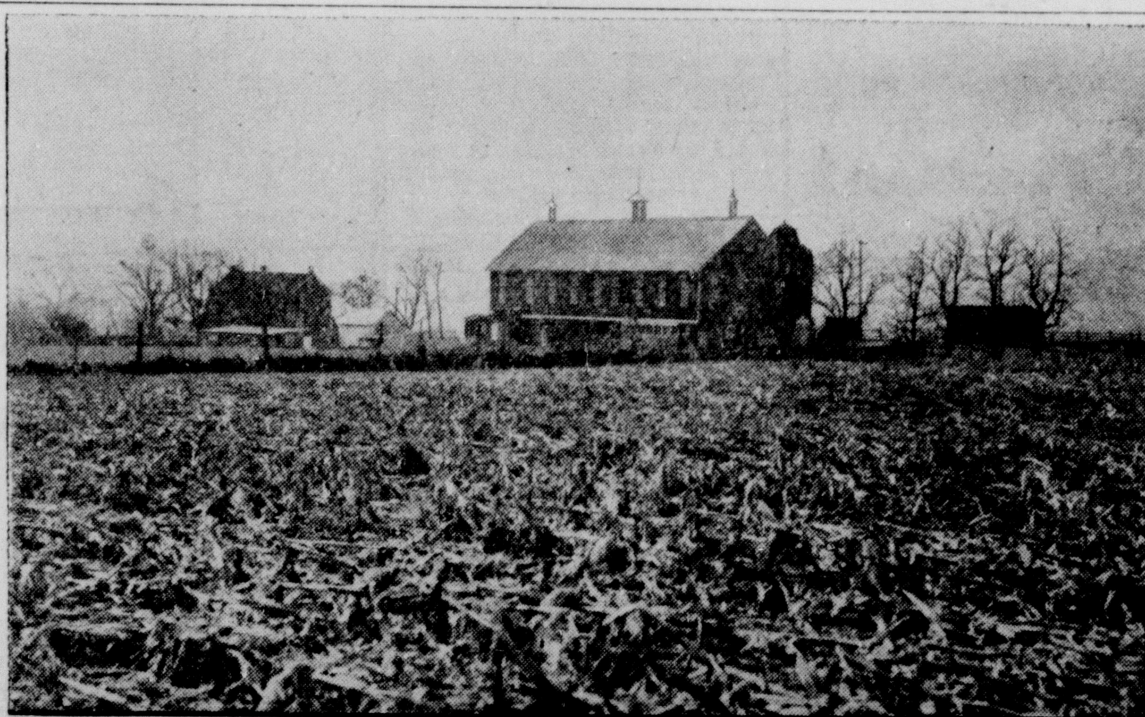

McIntosh's talk was interspersed with a two-part film of United States air force developments and a close order drill exhibition by a crack army drill team. This film was projected by Sergeant Runyan, recruiting sergeant from the air force.

Club visitors were J. B. Davenport, railroad columnist for the San Angelo Standard and Don Smith, Sweetwater architect.

RUMORS GROW ON IKE'S ACRES—Almost everybody has a theory as to why Gen. Dwight D. Eisenhower bought this comfortable 189-acre farm near historic Gettysburg, Pa. Some contend that the purchase, which included the house at left, a barn, four smaller sheds and all the livestock, was made because Pennsylvania is an important political state and Ike has an eye on the White House. Others believe the farm will be considered as a "big diplomatic colony" because of its proximity to Washington, D. C. Only a few venture that the soldier-statesman-dean may wish to try his hand at farming.

Sunday Services For W. W. Bigham

W. W. Bigham, 59, died at his home in Houston, Wednesday of a heart ailment. He was a carpenter and a son of the late Mr. and Mrs. T. H. Bigham of Hamlin.

Funeral services were conducted last Sunday, December 3 at 2:30 p. m. at the local Nazarene Church. Rev. Howard Smith, pastor, officiated and Rev. Dan Jones of Rotan and Rev. J. T. Crawford of Snyder, assisted.

Interment was in the Hamlin East Cemetery under direction of Barrow Funeral Directors.

Survivors include: the widow, six daughters, one son and five sisters; Mrs. Loyd Warnell and Mary Bigham of Hamlin, Mrs. Ivan Deel of Rotan, Mrs. John Richardson of Abilene, Mrs. W. B. Patterson of Hobbs, New Mexico; three brothers, Thomas of Hamlin, Barney of Rotan and Roland of Muleshoe.

Holiday Season Set For School Dismissal

The Hamlin school authorities have released information as to the Christmas holiday schedule.

Schools will recess at the conclusion of the scholastic day on Thursday, December 21 and will convene again on January 2.

This will provide an eleven day holiday for both students and faculty of the Hamlin schools.

BIBLE COMMENT

Gideon's Men, Like American G.I.'s in Korea, Had Faith

WHEN American G.I.'s moved into Korea against an overwhelmingly superior enemy, they lacked adequate equipment and efficient training. But even in their darkest hours of defeat, the Yanks boasted of one weapon that could not be knocked out by blinding mortars or noisy "Eanzel" tanks. That weapon was their faith in God.

Their faith in the Almighty and in a cause, coupled with cool courage, recalls the story of Gideon, a tale unique in the annals of warfare.

Gideon, like the Americans in the Korean conflict, was outnumbered and out-equipped when he was called upon to deliver Israel from the hosts of Midian. The enemy "lay along the valley like grasshoppers." A brave man might easily have quaked at the sight of the foe's strength but Gideon, fortified by his faith in God, devised a strategy that can only be described as ingenious.

When his men went to drink, Gideon discarded the jealously drinkers who stooped down and took their time. Choosing only those men who hastily lapped the water up from their hands, Gideon armed 300 soldiers with lamps, pitchers and trumpets.

The soldiers, perplexed until Gideon explained his strategy, moved into the valley with their lamps hidden in pitchers. At a given signal, they blew on their trumpets and smashed the pitchers.

The light of their lamps pierced the night. Trumpet sounds rolled over the valley like thunder. Fearing the approach of a great army, the enemy stampeded in confusion and Gideon won his famous victory.

Would such tactics succeed in modern warfare? Probably not. But Gideon's faith in God and his cool courage are still invaluable to the warrior. And it was such bright shining faith that enabled the Yanks in Korea to maintain their foothold on enemy soil until reinforcements arrived.

Apples Are in Season So Try These Two Swell Recipes

BY BETTY LYNN CURTICE

APPLES are in large supply now and it's time to invite them into our meals. So let's get started and pick a few choice recipes.

Party Baked Apples With Sour Cream (4 servings)

One-half cup dark corn syrup, 1/2 cup water, 1/4 teaspoon cinnamon, 1 teaspoon grated orange rind, 1 tablespoon butter or fortified margarine, 2 tablespoons sugar, 4 tart red apples, unpared, 1 cup sour cream.

Combine syrup, water, cinnamon, lemon rind, butter or margarine and sugar. Bring to boiling point over low heat, stirring until sugar is dissolved. Wash and core apples and pare the top third of each apple. Place apples in shallow baking dish. Pour hot syrup mixture over apples. Bake in moderate oven (350 degrees F.) for 30 to 40 minutes or until apples are tender, basting frequently with the syrup mixture. Serve hot or cold topped with sour cream.

Apple Fritters (10 to 12 fritters)

One cup sifted flour, 2 teaspoons baking powder, 1 1/4 teaspoons salt, 1/4 cup sugar, 1 egg, well beaten, 1/2 cup milk, 2 teaspoons melted shortening, 1 cup coarsely chopped, pared apples (1 to 2 apples), melted fat or salad oil.

Sift together flour, baking powder, salt and sugar into mixing bowl. Combine egg, milk and shortening. Add to dry ingredients and mix well until batter is smooth. Fold in chopped apples. To deep-fry, have deep kettle 1/2 to 3/4 full of melted fat or oil. To shallow-fry, have 1 1/2 to 2 inches melted fat or oil in frying pan. Heat fat to 375 degrees F., or until inch cube of bread will brown in about 40 seconds.

Drop apple batter by tablespoons into hot fat. Deep-fry or shallow-fry 4 to 6 minutes or until well-browned. Turn fritters frequently to brown evenly. Drain on absorbent paper on a rack.

For still another tempting taste treat, try flavoring your next batch of cup cakes with delicious, bright red Washington apples.

Serve hot with main course—or as a hot dessert with a hot fruit sauce, syrup, powdered sugar or sweetened whipped cream.

NOTE: It is important to have fat at correct temperature (375 degrees F.) before frying.

CITY FIREMEN RAISE A HORSE—Old Dobbin was pulling a sidewalk plow and minding his own business when he fell into a utility hole near a construction job. A short time later the horse was raised out of his neck-deep prison, uninjured though somewhat disoriented.

Christmas Party For Young People's Class

Each person attending the party carried a toy, to be distributed among the underprivileged children of our town.

During the business session each member made a pledge toward the Christmas Basket Fund which along with the Christmas Can collections will be used to buy gifts and food baskets for needy families.

Fruit cake, coffee and Christmas candies were served to: Mr. and Mrs. Gene Witt, Mr. and Mrs. Dean Witt, Mr. and Mrs. W. L. GOOD HEALTH

Answer to Question No. 1:

1. If you are healthy and of average size you have a trillion and a half platelets in your blood stream. They are tiny, colorless particles which help to coagulate the blood after an injury.

Answer to Question No. 2:

2. A group of teachers in Baylor, Texas, persuaded the University Hospital in 1929 to provide 21 days of hospital care via a prepayment insurance plan. The name Blue Cross was given to this type of plan later. Now Blue Cross has approximately

38,000,000 members and millions more are protected by other health insurance plans.

Answer to Question No. 3:

3. Well, look what has happened to smallpox. It has almost disappeared in the United States because of vaccination. The Armed Forces use preventive vaccines against typhoid, tetanus (lockjaw), typhus, yellow fever, cholera, plague and smallpox. Immunization agents also are useful against diphtheria, whooping cough and scarlet fever.

County HD Council To Stage Christmas Fete

Jones County's Home Demonstration Council will sponsor its annual county-wide Christmas party this Tuesday at 11:00 a. m. in the Memorial Hall in Anson. A covered dish luncheon was served to all club members who attended.

Frances Jenkins and Arley Driggers have canceled their engagement.

Decorating With Christmas Cards

THE habit of taking a hasty glance at Christmas cards to note the sender and then tossing them aside is not a very satisfying one for either you or the friends who graciously remember you with greetings.

This year, why not put your cards on display to preserve their warmth of feeling throughout the holidays, and to lend a bright Yuletide appearance to your home.

There are numbers of tricks for using Christmas cards in your decorative scheme. Try draping an arch or doorway in greenery, bedecking it with colorful cards as they arrive.

If your window curtains are a solid color, they'll serve as an attractive background for cards that have been attached to ribbons and hung from the curtain rods. A few sprays of greenery, tied with wide red ribbons, should be placed at the top of the window to give a finished look to your exhibit.

Homemakers are given assistance in finding interesting ways to display their holiday greetings by the manufacturers of the Christmas cards themselves, some of whose offerings this year can double as ornaments.

These include the cardboard variety, which fold flat for mailing, and a plastic kind, which may be removed from the card to add a sprightly sparkle wherever it's needed.

An archway, adorned with greens and holiday cards, contributes to a festive atmosphere and offers a Christmasy welcome to entering guests.

Mr. and Mrs. Fritz Huffman and daughter, Anna Margaret of Ranger and Mr. and Mrs. Iva Myers of Hamlin surprised Mr. and Mrs. J. G. Smith last Friday evening. They were neighbors six years ago in Rule.
